Verse 1

**C#m** **A2**  
Iâ€™m looking for love in all the wrong places I wear a mask with many faces  
**E** **B**  
We see each other everyday we share a glance then we walk away  
**A2 B C#m**  
Weâ€™re looking for love, looking for love, looking for love  
**A B E**  
Looking for love, looking for love, looking for love

Verse 2

I am at war my heart is divided The story unfolds by the tears I am crying  
All of my hope has been gambled away The cry of the children seem so faint  
Theyâ€™re looking for love, looking for love looking for love

Verse 3 R

I have raised hell and Iâ€™ve walked through fire Iâ€™ve been a king and Iâ€™ve  
been a liar

Iâ€™ve traveled roads and Iâ€™ve walked for miles But the hole in my soul it  
only gets wider

Looking for love looking for love looking for love

Bridge

**A A**  
Iâ€™m the sinner the believer  
**B B**  
The killer, the weeper  
**E E**  
Iâ€™m your sister, your brother  
**F#m F#m**  
An unborn childâ€™s mother

Iâ€™ve been blinded by the lies itâ€™s something you can synthesize  
Manufacture or enslave it, you canâ€™t buy it you canâ€™t trade it

Love was broken He was bleeding on the cross and now Iâ€™m kneeling  
at the feet of love and mercy the greatest love story

Looking for love looking for love looking for love

Come come my child

**E**            **A**

Youâ€™ll find love when you find me
