

Farther away
Evanescence

[Intro:] **Am Bm D C**

Am **F/C** **Am**
I took their smiles and I made them mine
 F/C **Am**
I sold my soul just to hide the light
 C **D** **Am**
And now I see what I really am,
 C **D**
A thief a whore, and a liar

Am Bm **D C**
I run to you,
Am Bm **D C**
Call out your name,
Am Bm **D C** **Am Bm D C**
I see you there, farther away

Im numb to you, numb and deaf and blind
You give me all but the reason why
I reach but I feel only air at night
Not you, not love, just nothing

Am **C** **D**
Try to forget you but without you
 E
I feel nothing

Am **C** **D**
Don t leave me here, by myself
 E
I can t breathe
