

Final Dream
Evanescence

(intro) **Db Ab Gb Ab**

Db Ab
Lay your head down
Gb Ab
And sleep on my shoulder

Db Ab
Lay your head down
Gb Ab
And start a new dream

Db Ab
And for tonight
Gb Ab
the moment is over

Gb Db
Drift in a lullaby
Gb Db
Here where the stars reside

Gb Db Ab
And angels are always seen

Lay your head down
The stars they have whispered
Hear what they say
And know that it means
The moon is your guide
The stars they have kissed her
As she goes gently by
Light as a babys eye
Save on a fairytales dream

Gb Db
And start a new dream
