

**If You Dont Mind  
Evanescence**

**F#m**

Where s the light?  
Killed my day

**E**

Lost in the dark of your ways

**F#m**

Wasted my energy; Empathy

**E**

**D**

With your sweet lie

**F#m**

**D**

Honey, if you don t mind

**E**

**D**

I would like to live alone, And I will survive

**F#m**

**D**

And if you don t mind

**E**

I would love to slip away

**D**

**E**

**F#m**

And leave your world behind

**F#m**

Insecure and not so sure  
You re not just faking something

**F#m**

**E**

We stand our last day

**D**

**E**

And can t shake the pain

**F#m**

**D**

And if you don t mind

**E**

**D**

I would like to live alone, And I will survive

**F#m**

**D**

And if you don t mind

**E**

I would love to slip away

**D**

**E**

**F#m**

And leave your world behind

**F#m**

**D**

And if you don t mind

**E**

**D**

I would like to live alone, I will survive

**F#m** **D**

And if you don t mind

**D** **E**

**F#m**

I you don t mind...
