

Lies
Evanescence

Tuning: Drop D

Alright, y all seem to have tabs of tons of Evanescence songs, but you don t have Lies! Is it too simple or something? :) Fear not, I have arived...lol. Well it s a very simple song to play, so go right ahead.

[Vocal Intro] But around the second time through with the added harmony and such, this starts to fade in, played pretty fast:

```

E |-----
B |-----
G |-----2----- (played however many times
D |----2--3----3--2--0--2-- until the vocals start)
A |--0-----
D |-----

```

```

E |-----
B |-----
G |-----
D |--0-- (let that ring)
A |--0--
D |--0--

```

Bound at every limb by my shackles of fear
Sealed with lies through so many tears
Lost from within, pursuing the end
I fight for the chance to be lied to again

```

E |-----
B |-----
G |--00-
D |--00- (for you will never be strong enough and such)
A |--00-
D |--00-

```

(Chorus)

```

E |-----
B |-----
G |-----
D |----- (play that 3 times)
A |-----8888--77--555--777--8--
D |-----0-----

```

```

E |-----
B |-----

```

```
G |-----  
D |----- (play that 3 times)  
A |-----8888--77--555--333--1--  
D |-----0-----
```

Note: I think there might be some other guitar part in the you ll never be strong enough parts, but I m not sure. Those parts are in order, but from there you have to go and repeat some of them. Hope you guys like it though.
