New Way To Bleed
Evanescence

C#
Serve your twisted enemy
     E   **D**
So you might earn forgiveness
C#
You know your whole world is waiting
      E   **D**
so why can t you speak?

F#m   **A**
I feel it coming over me
E   **D**
I m still a slave to these dreams
F#m   **A**
Is this the end of everything
E   **D**
Or just a new way to bleed?

C#
So go and tell all your friends that I m a failure underneath
   E   **D**
If it makes you feel like a bigger man
C#
But it s my, my heart, my life that you re calling a lie
E   **C**
I ve played this game before
C#   **E**   **D**
And I can t take it anymore

F#m   **A**
I feel it coming over me
E   **D**
I m still a slave to these dreams
F#m   **A**
Is this the end of everything
E   **D**
Or just a new way to bleed?

C#
By drifting far beyond the edge

Freedom, freedom
       E   **D**
Can t you feel the ground caving in?

Freedom, give us a reason to believe again

```
F#m                       A

I m still a slave to these dreams
F#m                       A
Is this the end of everything
E                         D
Or just a new way to bleed?

F#m                       A

I m still a slave to these dreams
F#m                       A
