

**Surrender**  
**Evanescence**

[Intro:] **Em**

**Em**            **D**                            **C**  
Is this real enough for you?  
                  **D**            **Em**  
You were so confused  
                  **D**    **C**  
Now that you ve decided to stay  
                  **D**                            **Em**  
We ll remain together  
**Em**    **D**                            **C**    **B7**  
[You can t abandon me, you belong to me]

**Em**                            **D**                            **C**  
Breathe in and take my life in you  
                  **D**                            **Em**  
No longer myself only you  
                  **D**  
There s no escaping me  
          **C**    **D**                            **Em**  
My love, surrender...

**Em**            **D**                            **C**  
Darling there s no sense in running  
                  **D**                            **Em**  
You know I will find you  
                  **D**                            **C**  
Everything is perfect now  
                  **D**                            **Em**  
We can live forever  
**Em**    **D**                            **C** **D**                            **Em**  
[You can t abandon me, you belong to me]

(Repete refrão)

(**C B Bb B C B Bb**)  
Hands up, slowly, give in to...

Vocalização final: **C B Bb B C B Bb**
