Intro: **Am A9 Am Am4**

**Am**

It doesn't take much to see  
What you face inside when the fight is leaving

**F**

It doesn't take long to bleed when your heart grows cold

**Am**

It's never too hard to bleed  
When your faith inside has left you screaming

**F G**

With everything pushed aside. No heart, No soul

**F G**

Take my hand, or let go!

CHORUS

**Am C F**

I'm left no choice. We live in a black hole

**G E Am**

So let's go. Destroy the obvious

**Am C F**

I'm left no voice. I live in your echo

So let's go. Destroy the obvious

**Am**

It's a god you can live beneath  
It's a place in time where faults have meaning

**F G**

Where everything beautiful turns sharp grows cold

**Am**

You're the fake, you're the powerful  
You're the tear, you're the hate  
You're the lie you're feeding

**F G**

A life you can justify where the dark won't show

**F G**

Take my hand, or let go!

CHORUS

**Am G**

I know you're holding on to me

**F G**

Your words won't let me go

**Am G**

I think you're gonna find that

**F**

When you find your hate defines you

**G**

**Am**

When defeat has left you blind, then you ll know
