

Pursuit
Evans Blue

Tuning (Low to high): A, E, A, D, Gb, B

Ok. First off, you re gonna see the wierd, low tuning. Deal with it, this IS actually some of the songs off the new album are in. The second thing you re gonna notice is that I VERY few of the ryhthm parts for the song. This is because I m not sure of them, and I don t wanna butcher it, but there really needs to be a tab for this song. The leads be dead on, though, or at least close enough that you can figure it out.
