Everything Is Wonderful Everclear

```
v1:
     I close my eyes when i get to sad
                            (Dsus)
     i think thoughts that i know are bad
     close my eyes and count to ten
     hope its over when i open them
     i want the things that i had before
     like a star wars poster on my bedroom door
     i wish i could count to ten
     make everything be wonderful again
 refrain:
                               D
         promises mean everything when youre little
          and the world is so big
          i just dont understand how
          you can smile with all those tears in your eyes
          when you tell me everything is wonderful now
chorus part:
                G
               na na na na na na
               na na na na na na
               na na na na na na
               everything is wonderful now...
v2:
              I go to school and i run and play
              i tell the kids that its all ok
              i laugh a lot so my friends dont know
              but when the bell rings i just dont want to go home
              hold my mom and i hold my dad
