From the Nervous and Weird EP and the World of Noise LP

E C G B
You know I want to be the way you want me to

E C G B
Big hearted and tall enough to cover you

E C G B
I would break in half if you said it out

E C G B
Loud splinter out of myself just like mercury

E C G B
I think it s better now than how it used to be

E C G B
You were lying in bed and I would levitate

E C G B
I think it s better here than where we used to be

E G C B E
I wish I could go out into the Oregon sun

To be alive in the day | ---

feedback | --- Bass only, with guitar

I d smile at everyone | ---

I remeber you back in 83
You were dressing insane you were my everything
You were so different from all those other girls
A bling electra in drag so cool and casually lame
I think I m better now than how I used to be
Always nervous and weird scared most of the time
I think it s better now than how it used to be
always up in the night afraid to live in the day

Afraid to live in the day yeah
Afraid of being afraid

{solo which I don t know. Sorry}

Bass only:

```

A-----3-3-3-3-----2-2-2-2-----|
E0-0-0-0-----3-3-3-3-----|
```

Now I sit alone when you re not around
I read aloud just to hear a friendly noise
I see your scary dolls they always look at me
From the corner of my eyes I see them shake their heads

Now back to bass and guitar:

You know I want to be the way you want me to
Big hearted and tall enough to cover you
You know I want to be the way you want me to
I wish I could go out just to be alive in the day
Yeah to be alive in the day
To be alive in the day
