Portland Rain
Everclear

```
[Intro]   Cm  G#  G  F  G#  G  Bb   Bb
          Cm  G#  G  F  G#  G  Bb   Bb
```

```
Cm
Cm                                F
I stand out breaking in the Portland rain
          G#                G          Bb
I see the end there in your eyes as I watch you drive away
```

```
Cm                          F
I walk back blind into my cold dreamhouse
      G#                G
And I think about the damage
   Bb
I put the big light out
```

```
Cm                          Gm
I sit down smoking on my basement floor
       G#                   G
I hear footsteps up above me
          Bb
They are right outside my front door
```

```
Cm        Gm                    D#
The only place that I want to be
                 F
Is watching you move up on top of me
Cm        G                   D#
The only sound that I want to hear
                      F                          Cm
Is the rain against my window as you whisper in my ear
```

```
Cm  G#  G  F   G#  G  Bb  Bb
(Baby, you know I love it when you call me baby)
```

```
Cm                          Gm
I go upstairs and find my twelve-year-old
        G#                  G
She s got tears running down her face
Bb
Sitting sad at my piano
```

```
Cm                          G
She sings soft words from that old Beatles song
      G#                      Bb                         Cm
And I think about my yesterday and all the things I did wrong
```

```
Cm            G                     D#
The only place that I want to be
                   F
Is watching you sweet dream in bed right next to me

Cm            G                     D#
The only sound that I want to hear
                        F
Is the rain against my window as I pull you near

Cm                          F
Don t give up on me
F                           G#
Baby, can t you you see?
G#                          G
We could make this be the way it used to be

Cm
Ohhh
Cm                          F
Don t give up on me
F                           G#
I wish I could make you see
G#                    G                        G#
That I am changing everyday, trying to build a better me

G#                          G
We could make this be the way it s supposed to be
             Cm
Don t give up on me

[Solo]  G  Fm  Bb  Cm  G  G#  Bb

Cm                Gm     D#
Na na.......... Na na naaa
F         Cm

Cm                     Gm                        D#
I stand out in the rain where I watched you drive away
                        F
I never thought I would live to see
              Cm
this fucked-up day

Cm                     G                        D#
I stand out in the rain in the middle of the night
                        F                      Cm
I wish that it could wash away the beast inside

Cm         G              D#                        F
Cm
The only thing I want to do is kiss you when I am coming deep inside of you
```

```
Cm            G                        D#
The only sound that I want to hear
                        F                        C
Is the rain against my window as I hold you

Cm                      F
Don t give up on me
F                        G#
Oh baby, can t you see?
G#                      G
We could make this be the way it used to be
Cm
Ohhh

Cm                      F
Don t give up on me
                        G#                        G
I wish I could make you see that I am changing everyday
                        G#
Trying to build a better me

                        G
We could make this be the way it s supposed to be
Cm                      F
Don t give up on me
```
