

Rocket For The Girl
Everclear

Intro: **C**

Am **C**
I wrote a love song for the wrong girl
Am **C**
I guess I had to go through hell with her just to get to you
Am
People talk bad about what they don't know
C
People talk bad when they can't see the truth
G **F**
Like the way my heart goes crazy when you walk in the room

Am **C**
You are the sad girl who lost her rocket
Am
I had a dream about you
C
About a year before we fell in love
Am
You lost your drag in the dream behind you
C
It is all that you can see
G
Even though it isn't real it looks so big
F
But you can't see me

C **Bm**
You are my everything, everyday
F **G**
You ruin me for anybody else
C **Bm**
You make all the old things new
F **G**
With the sound of your voice and the easy way you move
C **Bm**
You are my everything, everyday
F **G**
You ruin me in all the right ways
C **Bm**
When I break down you make me feel strong
F **G**

When I lose my music you help me find a new song

F **D**
When I get my magic in a bottle
C **Dm**
I will spend it all to heal your world
F **G** **C**
I will build a rocket for the girl

C
Someday

F
So please stop pushing me away
C
You gotta let go of the pain, Baby
F **C**
You gotta let go of the way things used to be
F
This life gets dark sometimes
C
Good things can be hard to see
F
Now I'm good for you
G
You are perfect for me

C **Bm**
You are my everything, everyday
F **G**
You ruin me for anybody else
C **Bm**
You make all the old things new
F **G**
With the sound of your voice and the easy way you move

C **Bm**
You are my everything, everyday
F **G**
You ruin me in all the right ways
C **Bm**
When I break down you make me feel strong
F **G**
When I lose my music you help me find a new song

F **D**
When I get my magic in a bottle
C **Dm**
I will spend it all to heal your world
F **G** **C** **Bm**
I will build a rocket for the girl (I will build a rocket for the girl)
F **G** **C** **Bm**
I will build a rocket for the girl (I will build a rocket for the girl)
F **G** **C**

I will build a rocket for the girl

C

Someday
