Hollywood Girls do what ever they want

Without the knowledge that running out of good times.

Hollywood Girls do what ever they want

Without the knowledge they can never have it all.

Make yourself a promise that you don t intend to keep now

You can either workout with your trainer

Or just catch up with on some sleep

You can always find a classy way

To sell yourself cheap.

True Love will never mean a damn to me.

I m just lookin for a ride in a stolen car.

True Love is nothing it pretends to be

I just wanna have sex with a movie star

I don t wanna think about tomorrow now

I don t wanna think about to tomorrow

Your gonna make yourself some promises you don t intent to keep.

You can either get yourself a facial

While you catch up on some sleep

You can buy yourself a new dress

When you need a new distraction

You can find yourself an actor

When you need some interaction.

Oh I know those words don t mean a damn to me

I wanna walk away when everything falls apart

I know Im just like everyone I meet

I just wanna have sex with a Movie Star

True Love will never mean a damn to me.

I m just lookin for a ride in a stolen car.
