

Rebels In The Roses
Everest

Everest official site: <http://everestband.com/>

This is one of my first tabs, so take it easy.

Standard tuning, open (no capo)

For the chord C?, I have no idea what they play.
But it is only strummed once, so maybe even go with a C.

Update Thanks to Damaged99 for figuring out the C? chord. It sounds much better now.

For *riff and *solo, I did not tab out these parts, but be aware that they are there.

The F chord used in this song is not the barre F, but rather (x33210).
The G/B is not really a G/B, but rather (020010).
