CAPO IV

Why are you here?
When it brings you down?
Its the same old theme, it s just another round.
It s not the way I walk.
It s not the way I talk
It s not the way I am
It s state of mind.

My world is on Fire
My world is on Fire
My world is on Fire and you try to burn me down.

Why are you here?
When it brings you down?
Its the same old theme, it s just another round.
I feel you feel somehow
The things were diffrent than you
But it makes no diffrence at all
It s a state of mind

My world, My world, My world is on Fire, you try to burn me down
cause you re a part of it all.
