Between The Lines
Evermore

Evermore - Between The Lines - by squiz

```
Am              Dm
```
Seperate the truth from lies,
```
         F              C
```
where the story is read between the lines
```
     Em              G
```
only you can tell the wrong from right,
```
Dm                       Em
```
the more you look the more you will find,

```
Am                      Dm
```
close your eyes and drift away,
```
 F                  C
```
where the lies can take, you no one can take
```
Em              G
```
in the depths in your mind
```
Dm            Em
```
you know the sign

living in between the lines
