This might be my last chance,
So maybe I should take it.
I just hope your listening,
To everything I?m saying.
I miss the long drives, the car rides,
The bad fights, the good times;
The way you make me feel
will never leave my mind.
Refrao
Think of you later in my empty room,
                                  Em D
Where I will fall asleep alone.
Riff1/Riff2
So, quit your crying
And wipe the tears from your eyes.
   Cause this is ?see you later,?
