[Verse]

Everybody s trying to be somebody
 I m just dying to be myself
 I don t know how to keep on fighting
 People lying, crying, driving
 Everbody off the shelf
 Then just watch you as you fall

There s this thing I can t replace
 Just trying to face this on my own
 Cause it s what I really wanted
 You never really know what you ve had
 Unless it s gone
 And it s all been said and done

[Pre-Chorus]

Time goes by, I will wonder why
 Everything changes

[Chorus]

All these thing I have
 All these things I hold

Everything I always wanted
Doesn't really matter, now you're gone
Every word you said
Seems to grow so cold
I never really wanted you to fade
Doesn't really matter, now you're gone

[Verse]

Things have changed
So re-arranged
You're so much better off alone
I thought you should know
Sometimes I sit and wonder
What things would be like
Had I not flown
Will I ever end up happy

All this time I often wonder
If I was the last to know
Maybe I'm the one who suffers
I guess you can't see where you've been
Until you find out where you're from
Sometimes you can't forget
And now you know

[Pre-Chorus]

Time goes by, I will wonder why
Everything changes

[Chorus]

All these things I have
All these things I hold
Everything I always wanted
Doesn't really matter, now you're gone
Every word you said
Seems to grow so cold
I never really wanted you to fade
Doesn't really matter, now you're gone

[Bridge]

Seasons change
My life falls away
Seasons change
My life falls away

[Chorus]

All these things I have
All these things I hold
Everything I always wanted

Doesn't really matter, now you're gone
Every word you said
Seems to grow so cold
I never really wanted you to fade
Doesn't really matter, now you're gone
