[DON T PLAY HERE - percussion and voice only]  
Is it gonna take a battle of wits  
Well I can take a body, I can take a body blow  
Pick you head up  
Show your teeth to them honey  
We can take it slowly, we can take it really slow

**Dm F**  
Cos everybody says you never speak up

**C A#**  
And never take a moment, never take a momentâ€™s rest

**Dm F**  
I see you skulking on the basketball court

**Am Dm**  
And I wanna be the perfect, the p-p-p-p-perfect test

[CHORUS]

**A# G**  
Donâ€™t try to hide it, no

**Dm Am**

**A# G**

[DON T PLAY HERE - percussion and voice only]  
I know youâ€™re waiting for a miracle call but  
I can disappoint you, I can disappoint you now  
You shut the door and get your hibernate on  
Itâ€™s never gonna leave you if you never talk it out

**Dm** **F**  
I know you think youâ€™re in a bottomless pit, hell  
**C** **A#**  
Iâ€™ll be at the bottom, waiting with my shivers and shakes  
**Dm** **F**  
The ground s not rushing up to meet you just yet, oh!  
**Am** **Dm**  
Earth is but a garden, forget about your guarded aches
