

**Gold Stupid Love**

**Excision**

[Verse 1]

**Dm**

Two choices on my mind

**A#**

Four hours on the road

**C** **Dm**

Give way to control

**Dm**

Go around it a thousand times

**A#**

I m holding on too tight

**C** **Dm**

Let it go and feel the ride

[Chorus 1]

**Dm**

Is it stupid that I love you?

**A#**

When I never felt so awake

**C**

**Dm**

Was it all just a big mistake?

**Dm**

Do I wanna let it happen?

**A#**

Do you wanna just walk away?

**C**

**Dm**

When you feel like my soul mate

[Pre-Drop 1]

**Dm** **A#**

But it s all gold

**C** **Dm**

And it s all good

**Dm** **A#**

But it s all gold

**C** **Dm**

And it s all good

[Drop 1]

**Dm**

**A#**

Is it stupid that I love you?

**C**

**Dm**

Was it all just a big mistake?

**Dm** **A#**  
Do I wanna let it happen?

**C** **Dm**  
Do you wanna just walk away?

[Pre-Drop 2]

**Dm**  
Is it stupid that I love you?

**A#**  
Is it stupid that I love you?

**C** **Dm**  
Is it stupid that I love you, love you, love you, love, love, love...

Is it stupid that I love you?

[Drop 2]

**Dm**  
Was it-- all all all

Is it stupid that I love you?

Was it-- all all all

[Verse 2]

**Dm**  
Staring hard at the future

**A#**  
Only close my eyes to blink

**C**  
This is my sanctuary

**Dm**  
This is my place to think

**Dm**  
I m driving til I find

**A#**  
What I ve been looking for

**C** **Dm**  
But it s inside

[Chorus 2]

**Dm**  
Do I walk on the cut glass?

**A#**  
Do I run to the forest?

**C** **Dm**  
Do I stand in the fire?

**Dm**  
Or do I hide from this moment?

**A#**

Do I let someone else take the fall  
C Dm  
Cause I m scared that I ll lose it all

[Pre-Drop 3]

But it s all gold Dm A#  
C Dm  
And it s all good  
Dm  
You gotta work for it, work for it

Oh oh, oh
