

**Serenity**  
**Exit Calm**

[Verse]

**E**  
Serenity s here, and all thoughts and fear are laughable  
**E**  
And everything s clear, and everyone s near that you could want  
**Asus2** **E**  
The truth and the lies and the love and the light in your soul  
**Asus2** **E**  
Reduce me to find, I can open my eyes and be whole

[Pre-Bridge]

**F#m** **Asus2**  
And I know that you won t let go

[Verse]

**E**  
Serenity s here, and all thoughts and fear are laughable  
**E**  
And everything s clear, and everyone s near that you could want

[Pre-Bridge]

**Asus2** **E**  
The truth and the lies and the love and the light in your soul  
**Asus2** **E**  
Reduce me to find, I can open my eyes and be whole

[Bridge]

**F#m** **Asus2**  
And I know that you won t let go  
**F#m** **Asus2**  
And I know that I won t let go  
**F#m** **Asus2**  
Now I know that we won t let go

[Chorus]

**E** **F#m** **Asus2**  
You find meanings in words that you don t understand  
**E** **F#m** **Asus2**  
Your direction is empty, too much time on your hands  
**E** **F#m** **Asus2**  
It s outrageous that your beauty and reason s undone  
**E** **F#m** **Asus2**  
When you stop asking questions, the answers will come

**Bsus2**

**Asus2**

**Bsus2**

And you could try hiding, but where will you go

**Asus2**

**Bsus2**

You could sell stories but who would be sold

**Asus2**

**Bsus2**

You could tell lies, but the truth will unfold

[Interlude]

**Asus2 Bsus2 Asus2**

[Outro]

**F#m**

**Asus2**

**Bsus2**

You re the reason why, I m both lost and found

**F#m**

**Asus2**

**Bsus2**

You re the reason why, I m both lost and found

**F#m**

**Asus2**

**Bsus2**

You re the reason why, I m both lost and found

**F#m Asus2 E**
