

Stuck On You
Failure

This isn't the exact tuning, but this is just how I play my acoustic cover of the song :) I hope this can help some people out.

F **G#**
I heard you driving in my car
Dm
Then in a frozen bar
Gm **Bb** **F**
And I claimed I didn't care for you
G#
But your verse got trapped inside my head
Dm
Over and over again
Gm **Bb**
You played yourself to death in me

F **G#**
I thought I'd drop you easily
Dm
But that was not to be
Gm **Bb** **F**
You burrowed like a summer tick
G# **Dm**
So you invade my sleep and confuse my dreams
Gm **Bb**
Turn my nights to sleepless itch

F **G#** **Dm**
Stuck on you till the end of time
Gm **Bb** **F**
I'm too tired to fight your rhyme
G# **Dm**
Stuck on you till the end of time
Gm **Bb**
You've got me paralyzed

F **G#**
Holding on the telephone
Dm

I hear your midrange moan

Gm Bb F

You re everywhere inside my room

G# Dm

Even when I m alone I hear your mellow drone

Gm Bb

You re everywhere inside of me

F G# Dm
Stuck on you till the end of time

Gm Bb F

I m too tired to fight your rhyme

G# Dm

Stuck on you till the end of time

Gm Bb

You got me trapped inside

Bridge:

F G# Dm Gm
I can t escape your incessant whine
Bb F G# Dm Gm

When you beam it out all across the sky

Bb F G#

No I can t escape

(stuck on you till the end of time)

Dm Gm

your insipid rhyme

(I m too tired to fight your rhyme)

Bb F G#

When you shoot it deep

(stuck on you till the end of time)

Dm Gm Bb

Straight into my mind

End on **F**
