

Stuck On You
Failure

This isn't the exact tuning, but this is just how I play my acoustic cover of the song :) I hope this can help some people out.

F# **A**
I heard you driving in my car
Ebm
Then in a frozen bar
G#m **B** **F#**
And I claimed I didn't care for you
A
But your verse got trapped inside my head
Ebm
Over and over again
G#m **B**
You played yourself to death in me

F# **A**
I thought I'd drop you easily
Ebm
But that was not to be
G#m **B** **F#**
You burrowed like a summer tic
A **Ebm**
So you invade my sleep and confuse my dreams
G#m **B**
Turn my nights to sleepless itch

F# **A** **Ebm**
Stuck on you till the end of time
G#m **B** **F#**
I'm too tired to fight your rhyme
A **Ebm**
Stuck on you till the end of time
G#m **B**
You've got me paralyzed

F# **A**
Holding on the telephone
Ebm

I hear your midrange moan

G#m B F#

You re everywhere inside my room

A Ebm

Even when I m alone I hear your mellow drone

G#m B

You re everywhere inside of me

F# A Ebm

Stuck on you till the end of time

G#m B F#

I m too tired to fight your rhyme

A Ebm

Stuck on you till the end of time

G#m B

You got me trapped inside

Bridge:

F# A Ebm G#m

I can t escape your incessant whine

B F# A Ebm G#m

When you beam it out all across the sky

B F# A

No I can t escape

(stuck on you till the end of time)

Ebm G#m

your insipid rhyme

(I m too tired to fight your rhyme)

B F# A

When you shoot it deep

(stuck on you till the end of time)

Ebm G#m B

Straight into my mind

End on **F#**
