

Carelessness

Fair

Em C
Carelessness something I ve read about
Asus4 Am
in a magazine in a Journal of
Em C
Medicine for fever and rapid heart
Asus4 Am
for the younger set giving life a start

D C
All the pain in dissent
D
all the freedom to climb
C
A thousand wishes I ve missed
D
for hanging onto this

Chorus:

Em C G D
When a moment brings hope for everything
Em C G D
every time I walk away from this
Em C G D
Will the One who came to throw it all away
Em C Asus4 (or D)
ever get to see the end of this?

Carelessness is something I recognize
when you re fast asleep and I m in the right
Taking in everything you ignore
my abrasiveness and your angelcore

More minutes of life put away set aside
ever following things that I wont find

Won t you climb high
and shower some correction on me Don t dare disguise
your colorful predictions are clear
