

Carelessness

Fair

Dm **Bb**
Carelessness something I ve read about
Gsus4 **Gm**
in a magazine in a Journal of
Dm **Bb**
Medicine for fever and rapid heart
Gsus4 **Gm**
for the younger set giving life a start

C **Bb**
All the pain in dissent
C
all the freedom to climb
Bb
A thousand wishes I ve missed
C
for hanging onto this

Chorus:

Dm **Bb** **F** **C**
When a moment brings hope for everything
Dm **Bb** **F** **C**
every time I walk away from this
Dm **Bb** **F** **C**
Will the One who came to throw it all away
Dm **Bb** **Gsus4** (or **C**)
ever get to see the end of this?

Carelessness is something I recognize
when you re fast asleep and I m in the right
Taking in everything you ignore
my abrasiveness and your angelcore

More minutes of life put away set aside
ever following things that I wont find

Won t you climb high
and shower some correction on me Don t dare disguise
your colorful predictions are clear
