

**Carelessness**

**Fair**

**Ebm** **B**  
Carelessness something I ve read about  
**G#sus4** **G#m**  
in a magazine in a Journal of  
**Ebm** **B**  
Medicine for fever and rapid heart  
**G#sus4** **G#m**  
for the younger set giving life a start

**C#** **B**  
All the pain in dissent  
**C#**  
all the freedom to climb  
**B**  
A thousand wishes I ve missed  
**C#**  
for hanging onto this

Chorus:

**Ebm** **B** **F#** **C#**  
When a moment brings hope for everything  
**Ebm** **B** **F#** **C#**  
every time I walk away from this  
**Ebm** **B** **F#** **C#**  
Will the One who came to throw it all away  
**Ebm** **B** **G#sus4** (or **C#**)  
ever get to see the end of this?

Carelessness is something I recognize  
when you re fast asleep and I m in the right  
Taking in everything you ignore  
my abrasiveness and your angelcore

More minutes of life put away set aside  
ever following things that I wont find

Won t you climb high  
and shower some correction on me Don t dare disguise  
your colorful predictions are clear
