

Carelessness

Fair

F#m **D**
Carelessness something I ve read about
Bsus4 **Bm**
in a magazine in a Journal of
F#m **D**
Medicine for fever and rapid heart
Bsus4 **Bm**
for the younger set giving life a start

E **D**
All the pain in dissent
E
all the freedom to climb
D
A thousand wishes I ve missed
E
for hanging onto this

Chorus:

F#m **D** **A** **E**
When a moment brings hope for everything
F#m **D** **A** **E**
every time I walk away from this
F#m **D** **A** **E**
Will the One who came to throw it all away
F#m **D** **Bsus4** (or **E**)
ever get to see the end of this?

Carelessness is something I recognize
when you re fast asleep and I m in the right
Taking in everything you ignore
my abrasiveness and your angelcore

More minutes of life put away set aside
ever following things that I wont find

Won t you climb high
and shower some correction on me Don t dare disguise
your colorful predictions are clear
