

Pause

Fair

**A** **Bm7**  
I can't control what's on my own  
**F#m**  
Take the moment that you shut me out  
**A** **Bm7**  
But in the calm before the storm  
**F#m**  
I remember what it's all about

**Bm7** **D**  
I don't blame you this time  
**A** **A/G#**  
I don't blame you this time

**Bm7**  
I still believe  
**E** **F#m** **B5** **A5**  
That anything can come from this love  
**Bm7**  
I still believe  
**E** **F#m** **B5** **A5**  
That anything can come from this love

**A** **Bm7**  
Behind the tears you kept for years  
**F#m**  
Is a longing that I know too well  
**A** **Bm7**  
If I could pause, contemplate my thoughts  
**F#m**  
It could take a piece out of this hell
