

If Stomp

Fairport Convention

D B

If I were rich enough

E G D

To make you need me as much as I need you

B

If I could pitch enough

E G D

You d realize what a little country bread can do

G B E7 B

Well, if my ma had come very far

G B E7

And if my pa was an oil-rig big-wig around our money town

If I were rich enough

To give you entertainment in the manner that you ve been accustomed to

If I could stitch enough

I d save you nine and throw in a Dixie too

Well, if I knew that you d give me good times too

And if I knew that the loved one that I love loved me too

If I were rich enough

To make you need me too

If I were rich enough

To see you pretty, looking like a scene I d dream

If you were bitch enough

You d leave me here, a king without a queen

Well, if you do, if you leave your little boy blue

If you do, I ll shut you and you ll shout and you ll know it too

If I were rich enough

To have a . . . for every single day I ll wake

And if I acted rough

You d want me more than just for wanting s sake

Mmmmm, that ain t so, I ll always be this way

Feelings grow, do the time when the sun shines then we ll know

If I were rich enough

To make you need me too
