Swinging in my hammock, I fell asleep

Till our ship she landed free

I sail my vessel for the lord in Banbury

So not come to harm

It was my calling from the start, my destiny

In a sea of calm

Across that crystal ball

Like a snowflake s fall

Gm6 **Gm7** **Gm6** **Gm7**
 At Hudson Bay we made our camp

 We found the copper mine shore

 We headed down to Canada

 Held in a frozen vice

 I wonder how you are, across the mighty sea
 C **G** **D**
 Through the turquoise spray
 A **D** **G**
 And all the people that you meet, a lot like me

 Is there much to say

[Chorus]

C
 And I dream at night
 G
 Of those frozen wastes
 Bb
 Of that curtained sky

 I m already there

 We are brothers, come what may

 So much goodwill out in the streets of this old town

 On that ice bound plain
