

Step By Step  
Fairport Convention

[Intro]

C F C G F C

[Verse 1]

Just where the sea meets the sky

A place we always go

Clouds floating gracefully by

Over shades of aquamarine flow

[Chorus]

Let those cares drift away

Bring some ease into your mind

Let this be here today

Step by step your hand in mine

[Verse 2]

Butterflies breeze through the fern

The wind is gentle in your hair

This is the calm our hearts yearn

Faith in this magic cliff-top air

[Chorus]

Let those cares drift away

Bring some ease into your mind

Let this be here today

Step by step your hand in mine
