

**You Never Wanted Me**  
**Fairport Convention**

A lovely song:

*Intro:* A A G G D E

A F#m D A A  
Wondering and waiting, my back against the wall,  
F#m D A A  
Not a word that passed between us comes to recall,  
F#m D A A  
Just you shadow in the window as you pass on down the hall,  
Bm E D A A  
You never wanted me, you never knew me at all.  
G G D E E A A

A F#m D A A  
I haven't any picture to set before my eyes,  
F#m D A A  
Nothing I can blame when the blues start to rise,  
F#m D A A  
Just the memory of laughter and a living out of lies,  
Bm E D A A  
But if I could change my ways we would never have said goodbye.  
G G D E E A A

A F#m D A A  
If you ever get the time, please think of me,  
F#m D A A  
It's a lock that can't be broken and there isn't any key,  
F#m D A A  
I'm only in your mind, only you can set me free,  
Bm E D A A  
You can't hurt me anymore and it isn't hard to see.  
G G D E E A A

A F#m D A A  
Someday someone will leave you and I know you'll feel the same,  
F#m D A A  
But you'll mark it down to memory and a dream that never came,  
F#m D A A  
And there are no answers given when love is just a game,  
Bm E D A A  
And you never wanted me and now I feel the same.  
G G D E E A A
