

**If My Heart Had Wings**  
**Faith Hill**

**A**

Damn these old wheels

**D2**

Rolling too slow

**A**

I stare down this white line

**D2**

With so far to go

**A**

Headlights keep coming

**E5**                    **D2**                    **A5**

Loneliness humming along

Who poured this rain

Who made these clouds

I stare through this windshield

Thinking out loud

Time keeps on crawling

Love keeps on calling me home

**D**

**E**

I'd jump all these mountains and take to the skies

**D/F#**

**G**

**E**

Sail through the heavens with stars in my eyes

**A**    **A/C#** **D**            **Esus** **D**

If my heart had wings

**A/C#**                    **Bm7** **A/C#** **Esus**            **A**

I would fly to you and lie

**D**            **Esus**            **D**

Beside you as you dream

**Bm7** **A/C#** **Esus**            **A5**

If my heart had wings

We both committed

We both agreed

You do what you have to to get what you need

Feeling you near me with so many miles in between

Lord, it ain't easy out here in the dark

To keep us together so far apart

If my heart had wings

I would fly to you and lie

Beside you as you dream

If my heart had wings

**D**

Stuck on this circle

**E**

Spinning around

**D/F#**

Cut loose from this road

**G**

**E**

That s tying me down

If my heart had wings

I would fly to you and lie

Beside you as you dream

If my

If my heart had wings

I would fly to you and lie

Beside you as you dream

If my heart had wings
