

**If You're Gonna Fly Away**  
**Faith Hill**

Note-you can't hear a lot of the guitar on the recording but these are the chords being used.

**C** **G**  
If you're gonna fly away, don't fly without me  
**F** **C**  
Don't go nowhere, I need you babe

**C** **G** **F** **C**  
Has the sun gone down on you, have you given up on truth  
**C** **G** **F** **C**  
I wish I could say all the right things to make your pain go away  
**Am** **G** **F** **C**  
I wish you knew, how beautiful you are in every way  
**Am** **C** **F** **C**  
When the world is falling down, just kneel with me and pray

**C** **G**  
If you're gonna fly away, don't fly without me  
**F** **C**  
Don't go nowhere, I need you babe  
**C** **G**  
If you're gonna leave this place, take me with you  
**F** **C**  
I could never live without you

**C** **G** **F**  
So you'll take a thousand pills hoping to be numb  
**C**  
Lie awake in bed counting all that's wrong  
**G** **F**  
No one understands, no one ever will  
**C** **Am**  
Trust me when I tell you I know just how you feel  
**G** **F** **C**  
You had all these dreams but your small town, ooh they killed them for you  
**Am** **C** **F** **C**  
You had nothing else to do, but to use and use and use and use

CHORUS

**Dm** **G**  
Just sing a song for me baby
