

Lost
Faith Hill

Em

Is it obvious to you

G

When you walk into a room

D

C

Your face is all I see

Em

And my heart races so fast

G

I never knew a rush to feel like that

D

C

Every time you're touching me

Em

I never did believe in anything

G

D

I couldn't hold between my fingers

Em

But the way you make me feel

C

D

It's just so real the way it lingers

CHORUS

G

I get lost inside your stare

D

Lost when you're not there

Em

When everything I have doesn't mean a thing

C

If it's without you

G

If it's a dream, don't wake me up

D

I'll scream if this isn't love

Em

If being lost means never knowing

C

How it feels without you

G

I wanna stay lost (forever)

Em

C

(I wanna stay lost forever with you)

Em

No, this feeling doesn't end

G

It s with me everywhere I am

Hope it never goes away

Em

It s like defyng gravity

G

Losin all control and bein free

D C
