

You're Still Here
Faith Hill

****Capo 3****

Thought I saw you today
You were standing in the sun then you turned away
And I knew it couldn't be but my heart believed
Oh it seems like there's something everyday
How could you be so far away

When you're still here
When I need you, you're not hard to find
You're still here
I can see you in my baby's eyes
And I laugh and cry
You're still here

Had a dream last night
That you came to me on silver wings and I
I flew away with you on a painted sky
And I woke up wondering what was real
Is it what you see and touch or what you feel

Cause you're still here
Oh you're everywhere we've ever been
You're still here
I heard you in a stranger's laugh

And I hung around to hear him laugh again
