

Chinese Arithmetic  
Faith No More

-----  
CHINESE ARITHMETIC - FAITH NO MORE  
-----

Intro and Verse

**Em, Bm** (Repeat until Chorus)

For example:

**Em** **Bm**  
Candle light, it burns in every hole of your eyes  
**Em** **Bm**  
It s beautiful, how much you ll never realize

(While playing the Intro you can play a G-note just before switching from Em to Bm,  
and play D-note just before switching back to Em, to simulate the synth)

Chorus

**Em, G5** (X4)

For example:

**Em** **G5**  
Your friend was young, hung and plastered  
**Em** **G5**  
He never knew his own disaster

So you thought she d be sweeter than your girlfriend peter part is played like  
the verse  
(**Em, Bm**)

**Em**  
So you thought she d be sweeter than your girlfriend peter  
Well give it a second chance cause you ve yet to meet her  
**Bm**  
We got the same ideas, we got the same old fears  
They re different colors sometimes, but, hey, who cares?

Last part (from Tried so hard to control my behavior till the end of the song)  
played like chorus

( **Em**, G5 )

Hope I got it right... Enjoy!
