

**Ghost To Coast**  
**Fake Problems**

This song is easy

Capo: 7th Fret

Intro **Em C G**

**E**                    **C**                    **G**  
What d you do when I was gone?  
I pretty much just hung around  
Did you get any work done?  
I said no, I just hung around

**C**  
I got a lack of motivation  
**G**  
A lapse in ambition  
**D**  
I sit and watch the fire burn  
**G**  
Wish I could burn with it  
I ve fallen by the wayside  
Of pretentious young writers  
Looking for inspiration  
From party time liars

Repeat the chords in the exact same way for the next verse/chorus

**E**    **C**            **G**  
But you cant force a feeling  
**E**    **C**            **D**  
And you cant conjure up meaning (repeat)

**E C G** (But play each chord twice as long)

**C**                                    **G**  
But you cant force a feeling  
**D**                                    **G**  
And you cant conjure up meaning  
**C**                                    **G**  
Without perhaps believing  
**D**                                    **G**  
That you re good enough

**E**                    **C**                    **G**  
You cant force a feeling  
**E**                    **C**                    **D**  
And you cant conjure up meaning

**E C G**

Without perhaps believing

**D G**

That you re good enough

Thats it, great song, hope you found this accurate or at least helped
