-----Continue Chord Patterns for the rest of the song-----

I ve found the time to be alone
I don t know what you re asking
I m waiting by the telephone
And you re still barking

My heart stops, it isn t going
Could you revive me?
I think I m lost without knowing
So come and find me

Cause in the same space
We re disconnected
And in your own mind
You re not attracted

But in your own life over reacted
And in your own time

This heart attack, I think
I ll go away not coming back
I m off the line
So call me when you can some other time

This heart attack
I ve gotta get away not coming back
I want some downtime
So call me when you can and I ll be fine

Sometimes if we don t go
Sometimes you don t know
You don t go, I don t go
I don t go, you don t go

I ve got your back

But you don't got mine
This heart attack
Then I'm feeling fine

This heart attack
I've gotta get away I'm not coming back
I'm bout to flat line
So call me when you can some other time

This heart attack
I've gotta get away not coming back
I want some downtime
So call me when you can and I'll be fine

I'm going away to be alone
I'm going away to be alone
I'm going away to be alone
I'm going away to be alone
