

Just how to forget, forget the way

Bm

That we danced, we danced

G **D** **A**

To Danzig, and we danced, we danced

Bm **G**

And when you asked, you asked me how I m doing

D **A**

Like you know, you know how much better off I am

Bm

And when we danced, we danced

G **D** **A**

With windows down, and we danced, we danced

[PRE-CHORUS]

Bm **G**

I ll spin for you like your favorite records used to

D **A**

I ll spin for you like your favorite records used to

[CHORUS]

Bm **G**

You were the song stuck in my head

D **A**

Every song I ve ever loved

Bm **G**

Played again and again and again

D **A**

And you can get what you want but it s never enough

Bm **G** **D A**

And I ll spin for you like your favorite records used to

Bm **G** **D A**

And I ll spin for you like your favorite records used to

Bm G D A
