

**Jet Pack Blues**  
**Fall Out Boy**

**Em**

I got those jet pack blues

**Em**

Just like Judy

**C**

**G**

The kind that makes June feel like September

**G**

I m the last one that you ll ever remember

**Em**

And I m trying to find that peace of mind

**C**

**G**

Behind these two white highway lines

**G**

When the city goes silent

**G**

The ringing in my ears gets violent

**Em**

**C**

**G**

She s in a long black coat tonight

**Em**

**C**

**G**

Waiting for me in the downpour outside

**Em**

**C**

**G**

She s singing Baby come home in a melody of tears

**Em**

**C**

**G**

While the rhythm of the rain keeps time

**C**

And I remember Baby, come home

**D**

**Em**

It never mattered what it was

The sweetness never lasted, no
