

**Im Not A Vampire**  
**Falling In Reverse**

**D**

Well I m not a vampire

**G**

But I feel like one

**Bm**

Sometimes I sleep all day

**A**

Because I hate the sunlight

**D**

My hands are always shaking

Bodies always aching

**G**

In the darkness when I feed

**Bm**

**A**

Well I can lure any woman that I want to in my bed

With me

**Bm**

**G**

And Whiskey seems to be my Holy Water

**D**

Mothers better lock your doors

**A**

And hide your daughters

**D**

I m insane!

**G**

Well, I can feel it in my bones!

**Bm**

Coursing through my veins!

**A**

When did I become so cold?

**D**

For goodness sake!

**G**

Where is my self control?

**Bm**

If home is where my heart is

**A**

Then my heart has lost all hope

**D**

Well I m not a zombie

**G**

But I feel like one today!

**Bm**

Sell me pills, Comatose!

**A**

Chemical daze!

**D**

My head is always spinning  
From this dizzy blurry vision

**G**

And my stomach has had enough!

**Bm**

I feel like a lady  
That is pregnant with a baby

**A**

Cause I m always throwing up! \*blehh\*

**Bm**

Hi, My name is Ronnie!

**G**

I m an addict!

\*Hi, Ronnie! \*

**D**

**A**

Daddy should ve never raised me on Black Sabbath!

**D**

I m insane!

**G**

Well, I can feel it in my bones!

**Bm**

Coursing through my veins!

**A**

When did I become so cold?

**D**

For goodness sake!

**G**

Where is my self control?

**Bm**

If home is where my heart is

**A**

Then my heart has lost all hope

**Bm**

**G**

God bless all of you now!

**D**

**A**

Cause I m going straight to Hell!

**Bm**

**G**

And I m taking you down with me!

**D**

**A**

Cause you know damn well,

(all once)

**D**

I m insane!

**G**

Well, I can feel it in my bones!

**Bm**

Coursing through my veins!

**A**

When did I become so cold?

(back to normal)

**D**

I m insane!

**G**

Well, I can feel it in my bones!

**Bm**

Coursing through my veins!

**A**

When did I become so cold?

**D**

For goodness sake!

**G**

Where is my self control?

**Bm**

If home is where my heart is

**A**

Then my heart has lost all hope
