I keep doing constantly,
Am **G** **F**
addicted to the pain I cause myself.

C **F**
My head is floating somewhere in the clouds,
C **F**
while I m paid to entertain a lovely crowd.

They sing my songs and feel my pain,
F
cause pain is what creates my fame.
Am **G** **F**
A vicious cycle, someday I ll get out.

C **Am**
I can t believe I m standing here at all.
G
I can t believe I made it this far.

All the way with a smile on my face,
F
see the top and I m not falling off.
C **Am**
And all I need is a microphone, I ll sing
G
about the things that have been hurting me.

It s safe to say, all the kids,
F

I relate to their lives so just keep holding on.

C F

C to be picked on by my peers who much abuse.

C And I m tired of not fitting in,
F true friends is my final wish.

Am G F Just let me be myself and make it through.
