

**Tragic Magic**  
**Falling In Reverse**

INTRO: **D#-G#-F-B-D#**

(1)

**Cm** **D#**  
So let s rewind, back to the time,  
**G#** **G** **F#m**  
2005, I almost died  
**Cm** **D#**  
I overdosed, I did not know,  
**G#** **G**  
did I provoke this evil ghost?  
**G#**  
Disaster

(2)

**D#**  
Magicly  
**G#**  
I turned tragedy  
**F** **B**  
Into melodies  
**D#**  
over catchy beats,  
**D#**  
It comes so naturally  
**G#**  
So smooth and casually  
**F** **B**  
That s why they call me king  
**D#**  
Of the music scene

\*la la la lala\*

(1)

I dug a hole  
10 miles wide  
So I could throw all of you inside.  
You re such a dumbfuck  
You need to shut up  
You bring a picture of me everytime you get a haircut  
Imposter!

(2)

Magically  
I turned tragedy  
Into melodies  
over catchy beats,  
It comes so naturally  
So smooth and casually  
That's why they call me king  
Of the music scene

(2)

la la la lala\*

oh  
Bruised and broken, my eyes are open,  
i won't lose focus my eyes are open
