

Bittersweet
Falling Up

Bittersweet

C#m

Release the gate of Beautiful

A **C#** **B**

I am staying down to hide in rooms away

C#m

These tears they build me up a house,

A **C#** **B**

Then they pour on down and wash the house away

A

And I am left to fight the waves

F#m

(He s around me constantly)

(Chorus)

E **B**

I kissed these lonely tears I shed goodbye

C#m **B**

Because Iâ€™m bittersweet, without You Father thereâ€™s no reason

E **B**

I kissed these lonely tears I shed goodbye

C#m **B**

Because I m bittersweet

C#m

Close up my heart it makes me feel,

A **C#** **B**

Like these rooms will close in, locking all the doors

C#m

With these hands and broken stones,

A **C#** **B** **A**

I have built a legacy and now itâ€™s time to move on, move on

F#m

(He s around me constantly)

(chorus)
