**Falling Up**

Falling Up - Bruise

Capo on 3rd fret

**Em** **C** **Em** **C**  
I used to see a million colors  
**Em** **C** **D** **G** **Em**  
And now the only one I see is used  
**Em** **C** **Em** **C**  
And I would sing in rising chambers  
**Em** **C** **D** **G** **Em**  
But then I followed jealous words from you

**G** **D**  
So now,  
**Em** **D** **C** **D**  
Shivered nights wake sleeping heartaches  
**Em** **(G)** **C**  
There will be a bruised love  
**Em** **D** **C** **D**  
Little lives need greater mercies  
**Em** **(G)** **C** **Em**  
Let there be a bruise

**C**  
Here comes the storming  
**Em** **C**  
And there goes all  
**Em** **C** **D** **G**  
But little fires burn beneath the sea  
**Em** **C**  
When I woke up  
**Em** **C**  
A bird in morning  
**Em** **C** **D** **G** **Em**  
I flew above my bed then drowned

**G** **D**  
Oh God,  
**Em** **D** **C** **D**  
Shivered nights wake sleeping heartaches  
**Em** **(G)** **C**  
There will be a bruised love  
**Em** **D** **C** **D**  
Little lives need greater mercies  
**Em** **(G)** **C** **Em**  
Let there be a bruise

**Em**                      **C**

Who am I

**G**                      **D**

But a lily in a field

**Em**                      **C**

Across the night

**G**                      **D**

Stars sing of you

(Repeat until end)
