

**Greying Morning**  
**Falling Up**

Artist: Falling Up  
Song: Greying Morning  
Album: Midnight on Earthship (2012)  
Author: Jessy Ribordy

Verse 1:

**C**                **G**                **C**  
So these things will grow  
**C**                **G**                **C**  
Faster when we re cold  
                  **Am**      **C**  
It s slow love

**C**                **G**                **C**  
Every mercy s new  
**C**                **G**                **C**  
When we re worn and used  
                  **Am**      **C**  
Itâ€™s slow love

Chorus:

**C**      **F**                **G**                **Am**  
Like beggars in the greying morning  
                  **C**                **Am**                **G**                **F**  
These needful hands are reaching for You  
                  **C**                **F**                **G**                **Am**  
We re beggars bought by suffered gold  
                  **C**                **F**                **G**                **Am**  
We want what little love we hold

Verse 2:

**C**                **G**                **C**  
So these plans will fall through  
**C**                **G**                **C**  
When the years build on you  
                  **Am**      **C**  
But there ll be slow love

**C**                **G**                **C**  
Cause we are broke and older  
**C**                **G**                **C**  
Numbed and stumbling over  
**Am**      **C**  
Your love

Chorus:

**C F G Am**  
Like beggars in the greying morning

**C Am G F**  
These needful hands are reaching for You

**C F G Am**  
We re beggars bought by suffered gold

**C F G Am**  
We want what little love we hold

**C F G Am**  
We want what little love we hold

**C F G Am**  
We want what little love is slow
