Bridge:

<b>C</b>	<b>G/B</b>	<b>Bb</b>	
So transparent, You are to me,			
<b>C</b>	<b>G/B</b>	<b>Bb</b>	<b>G</b>
Were passers by and now I believe			

Outro:

I m so glad I found You,  
 Color of water  
 I m so glad I found You,  
 Color of water, Water, Water

Notes:

- The outro is played the same as the intro so it s basically D throughout the outro.
- I prefer to transpose everything to the key of E because first the verse is kinda low to sing but also when you do the chord crawl towards the end of the chorus, it s easier to do this (in my opinion) instead of the A > Bb > Bm:

<b>B</b>	<b>C</b>	<b>C#m</b>
