PLAYING THIS SONG ~ IMPORTANT!

Soul Glow Activator plays this song using power chords on the A String (I saw it in a youtube video)

I reccomend you play it this way too, because the tone fits the song better and because I am unsure that as to if it is a D chord or a D minor chord, and the notes used in a D power chord fit either D or D minor, so you elimiate this problem, make the song a lot easier, and make the tone better fit the song. (win-win-win situation?)

I may have confused some of you with this, so just know that it is best to play it this way:

| | | | |
|---|----------------------|----------------|-------------------------------|
| e | ----- | | |
| B | ----- | | |
| G | -5-----7-----10----- | | |
| D | -5-----7-----10----- | | |
| A | -3-----5-----8----- | | |
| E | ----- | | |
| | | C chord | D chord F chord |

This song is from the III EP. Will be on their new album in 2011. I don t know if the album version will be different, if it is I ll update this tab.

If you find something wrong, please just tell me instead of creating a whole new tab! I like to learn from my mistakes.

The whole song is C-D-F. No kidding. But, since some people like to play the whole song with lyrics [me] so I tabbed the whole thing out:

INTRO

C **D**
Walk By...

F **C**
So Fly...

C
I bumped carts at the grocery store

D
Spilled that display, things all over the floor

F **C**
But now I m face to face with, you

C
Could it be, my eyes deceive?

D **F**
There stands an angel, shopping on isle three

C
Heaven must be shampoo

C
Girl, you re so beautiful

D **F**
Girl, I m so pitiful

Torn up from the floor I m...

I can t ignore ya

C
You break necks when ya walk by (walk by)

D
You got wings cuz you re so fly (so fly)

F
You don t even have to try (no)

F
Baby you got it, you got it
